TRUSSEL AKTØRER OG DERES MOTIVATION

Hackere til leje

Sælge deres tjenester til folk, der ikke har evnerne eller evnerne til at gøre det

Cyberkriminelle

Økonomisk vinding, ofte stjæle data til videresalg eller kræve løsesum

Hacktivister

Er politisk, socialt eller ideologisk motiverede og målrettes ofre for omtale eller for at skabe forandring

Statsstøttet aktorer

Aktører målretter organisationer for at kompromittere, stjæle, ændre eller ødelægge information. Disse grupper er normalt tilknyttet en nationalstat

HVORFOR ER DET VIGTIGT

Hvem skal vi beskyttes os i mod?

vs.

Metoder de bruger?

vs.

Hvad vil de have ud af det?

HVAD KAN VI GØRE – MED HYGIEJNEN? – 10 GODE RÅD

1. Kig på de tekniske minimumskrav
2. Overblik over vigtige data og systemer
3. Opdater IT løbende
4. Anskaf antivirus og firewall
5. Backup af data
6. Spotte mistænksom adfærd
7. Stærke adgangskoder
8. Stil sikkerhedskrav til jeres leverandør
9. Udarbejde en baseline
10. Få tilknyttet en IT-sikkerhedsrådgiver (CISO, Security on-demand)
